

Rape Culture Resolutions....

How we
can defy
rape
culture in
2018:

Have healthy
conversations
that educate
others.

*Empower
other women
instead of
trashing them.*

Look for
everyday
examples and
point them
out to people.

Reminders:

- Rape Culture can't be fought in a day.
- You are not alone in this fight.
- Sometimes you have to help yourself before you can help others.
- A little effort can go a long way.
- Not everyone will agree with you.

*Support
survivors of
sexual
assault.*

Learn to
be an
active
bystander.
